- Status changed from Unscreened to 15

BRB: can you please get us a debug from HUNG state ?

#5 - 08/26/2016 01:39 PM - Kris Moore

- Seen in changed from Unspecified to N/A

#6 - 10/07/2016 04:10 AM - Alexander Motin

- Status changed from 15 to Closed: Insufficient Info

We are sorry, but our crystal ball is not functional enough now to solve server hangs without any information.

You may try enabling debug kernel, may be it can give any more information instead of just hang (if that is not a hardware issue like overheating).
