

FreeNAS - Bug #23400

Plex becoming outdated again

04/15/2017 08:58 AM - Ron Hubbard

Status:	Resolved	
Priority:	Nice to have	
Assignee:	Joshua Ruehlig	
Category:	Middleware	
Target version:	Master - FreeNAS Nightlies	
Seen in:	9.10.2-U2	Needs Merging: Yes
Severity:	New	Needs Automation: No
Reason for Closing:		Support Suite Ticket: n/a
Reason for Blocked:		Hardware Configuration:
Needs QA:	Yes	ChangeLog Required: No
Needs Doc:	Yes	

Description

Present version is 1.4.4 and plex is up to 1.5.5.

Ironically corral auto update actually worked perfectly fine so anyone on corral is presently on the updated version.

This gets too far apart from the updated client and the outdated plex issues are going to cause things that may get reported as bugs in freenas.

Adding a similar auto update function on reboot may be a good idea to keep things up to date.

Joshua,

Could we get one last re-spin of plex to the latest before we start jumping to iocage-backed plugins?

#3 - 04/17/2017 07:24 AM - Joshua Ruehlig

sure, I'll try to work on this tonight.

#4 - 04/18/2017 11:34 PM - Joshua Ruehlig

- Status changed from Unscreened to Fix In Progress

This update should be available tomorrow.
