<b>Description</b>	
The update box containing the information while being updated is too small for all the information provided. Screenshot provided	

#### History

##### #1 - 04/28/2017 06:46 AM - William Grzybowski

- Assignee changed from William Grzybowski to Erin Clark

##### #2 - 04/28/2017 02:06 PM - Erin Clark

- Status changed from Unscreened to Screened

##### #3 - 04/28/2017 02:57 PM - Erin Clark

What browser was this in? It seems to behave normally in my browser.

##### #4 - 05/23/2017 05:16 PM - Erin Clark

- Assignee changed from Erin Clark to James Nixon

I still haven't seen this happen but this component does need some work. This is more of a CSS thing though and it isn't super obvious to me how to fix it so I am going to pass it to James since he knows more about CSS.

##### #5 - 05/30/2017 12:40 PM - Bonnie Follweiler

- File Screen Shot 2017-05-30 at 3.37.18 PM.png added

ok, I'm using Firefox on the Mac to access the new UI. I am upgrading from FreeNAS 11.0rc3 to FreeNAS 11 Nightlies (if that helps) I am providing a screen shot

##### #6 - 05/30/2017 01:16 PM - Bonnie Follweiler

- File Web Gui Not Big Enough.png added

Also, I am using Chromium on a TrueOS and I have provided a screen shot

**#7 - 09/07/2017 01:07 PM - Bonnie Follweiler**

- Target version set to 11.1

Although the box was still not big enough in FreeNAS 11.0-U2 I wont be able to test this until the next upgrade after FN 11.0-U3 because the GUI was unavailable until FN 11.0-U3 was released due to the bug (<https://bugs.freenas.org/issues/25712>) "Can't log into the New GUI after updating to FreeNAS-11.0-INTERNAL2-U3 (164236f50)"

**#8 - 10/25/2017 04:16 AM - James Nixon**

- Status changed from Screened to Ready For Release

Should be all better now :)

**#9 - 10/25/2017 09:44 AM - Dru Lavigne**

- Target version changed from 11.1 to 11.1-RC1

**#10 - 10/25/2017 09:48 AM - Dru Lavigne**

- Status changed from Ready For Release to Resolved

- Target version changed from 11.1-RC1 to Master - FreeNAS Nightlies
