

FreeNAS - Feature #23691

Add warning in MOTD

05/01/2017 10:29 AM - an odos

Status:	Resolved	Estimated time:	0.00 hour
Priority:	Nice to have		
Assignee:	Warren Block		
Category:	Documentation		
Target version:	11.1-BETA1		
Severity:	New	Needs Merging:	Yes
Reason for Closing:		Needs Automation:	No
Reason for Blocked:		Support Suite Ticket:	n/a
Needs QA:	No	Hardware Configuration:	
Needs Doc:	Yes		
Description			
From time to time people skip the docs, enable ssh, log in, and start mucking around with things from the CLI and break things. Perhaps the motd should include something like "changes via CLI are unsupported and may result in system instability, and \$scary_things."
