History

#1 - 07/22/2017 09:29 AM - Dru Lavigne

- Assignee changed from Release Council to James Nixon
- Target version set to 11.1

#2 - 07/25/2017 10:47 AM - James Nixon

- Status changed from Unscreened to Fix In Progress

still kinda funky but we're prepping for "FAB" styled buttons and smaller icon buttons that will make it better

#3 - 10/25/2017 02:28 AM - James Nixon

- Status changed from Fix In Progress to Ready For Release

Buttons are usable now, so marking as *ready for release*

*NOTES

- We're using angular-smd's implementation:
- <https://rawgit.com/jefersonestevo/angular-smd/master/dist/index.html#/angular-smd/demo-fab-speed-dial>
- We still have a few sections that use mock FABs that will be switched over shortly

#4 - 10/25/2017 05:39 AM - Dru Lavigne

- Status changed from Ready For Release to Resolved
- Target version changed from 11.1 to Master - FreeNAS Nightlies
