

FreeNAS - Bug #25518

Prevent creation of duplicate vlan

08/09/2017 01:13 PM - Bonnie Follweiler

Status:	Resolved	
Priority:	Important	
Assignee:	William Grzybowski	
Category:	GUI (new)	
Target version:	11.1-BETA1	
Seen in:	11.0-U2	Needs Merging: Yes
Severity:	New	Needs Automation: No
Reason for Closing:		Support Suite Ticket: n/a
Reason for Blocked:		Hardware Configuration:
Needs QA:	No	ChangeLog Required: No
Needs Doc:	Yes	

Description

This would be for FreeNAS and TrueNAS
I recreated it in TrueNAS-11.0-U2 (2d3b18b24)
This is a current customer's issue. Sam Fourman has further details, if needed.

To recreate:

Go to Network ->Vlan and create a vlan
create a second vlan with the exact same name/credentials

Go to Network ->Interfaces and edit one of the vlan's you just set up and save.

History

#1 - 08/09/2017 03:53 PM - William Grzybowski

- Project changed from TrueNAS to FreeNAS
- Subject changed from TrueNAS doesn't warn against, or block the ability, to create a duplicate Vlan to No warn against, or block the ability, to create a duplicate Vlan
- Category changed from 585 to 2
- Status changed from Unscreened to Screened
- Priority changed from No priority to Important
- Target version set to 11.1

#2 - 08/10/2017 10:11 AM - William Grzybowski

- Status changed from Screened to Ready For Release

#3 - 09/01/2017 07:48 AM - Dru Lavigne

- Subject changed from No warn against, or block the ability, to create a duplicate Vlan to Prevent creation of duplicate vlan

#4 - 09/27/2017 07:25 AM - Dru Lavigne

- Target version changed from 11.1 to 11.1-BETA1

#5 - 10/24/2017 04:48 AM - Dru Lavigne

- Status changed from Ready For Release to Resolved

#6 - 10/27/2017 09:52 AM - Bonnie Follweiler

- TrueNAS

#7 - 11/11/2017 08:10 PM - Nick Wolff

- Needs QA changed from Yes to No

- QA Status Test Passes FreeNAS added

- QA Status deleted (Not Tested)

Test passes QA

Side comment about functionality/devil advocate. I can see reasons why people might use the same vlan on different interfaces(of course with different names) which this doesn't allow but I will chalk that option also being blocked as a design decision here not a bug.

#8 - 11/15/2017 01:34 PM - Joe Maloney

- File *freenas-vlan.png* added

- File *truenas-vlan.png* added

- QA Status Test Fails TrueNAS added

This is currently not working in TrueNAS-11.0-U5-RC1 (c8d802e24). I am able to create multiple vlans with the same id for the same interface as shown in the screenshot. It works as expected with FreeNAS 11.1-RC1 as shown in the screenshot.

#9 - 11/16/2017 05:08 AM - William Grzybowski

- Status changed from Resolved to 15

- QA Status Test Passes TrueNAS added

- QA Status deleted (Test Fails TrueNAS)

Target version says 11.1.

This has not been backported to 11.0.

#10 - 11/16/2017 05:08 AM - William Grzybowski

- Status changed from 15 to Resolved
