

FreeNAS - Bug #28401

UI cut off at the bottom when Log display is activated

02/09/2018 04:23 AM - Mac Lemon

Status: Closed	
Priority: Nice to have	
Assignee: Xin Tan	
Category: GUI (new)	
Target version: N/A	
Seen in: 11.1-U1	Needs Merging: Yes
Severity:	Needs Automation: No
Reason for Closing: Cannot Reproduce	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: Yes	ChangeLog Required: No
Needs Doc: Yes	
Description When displaying logs is activated, many views get cut off at the bottom, obstructing the last line or lines of the view. See screenshot of tunables as an example. Views should not get obstructed by Log the view.

- Target version set to 11.2-BETA1

Erin: is there anything to fix here or have these issues already been fixed?

#4 - 02/15/2018 06:08 PM - Erin Clark

- Assignee changed from Erin Clark to Xin Tan

Xin could you look into this?

- *Status changed from Not Started to Closed*

I cannot reproduce this one.
the console log footer is fixed to the bottom of the page but scrolling works for me.
