- Subject changed from VM cards: disable VNC button if no WebVNC device exists to VM cards: Disable VNC button if no WebVNC device exists

- Status changed from In Progress to Done

PR 400 resolves this as best as we can. The VNC button is now disabled if no web vnc device is found.

~~Unable to add tooltip with warning message due to this issue. angular/material2#7953~~

~~Tooltips use the mousecenter browser event to display content. Currently only Firefox supports this event on disabled elements~~

Thought of a solution for tooltip problem. Solution merged in with PR 402

#5 - 02/19/2018 05:33 AM - Dru Lavigne

- Target version changed from 11.2-U2 to Master - FreeNAS Nightlies
