

FreeNAS - Feature #30375

Need a warning dialog before upgrading your pool

03/20/2018 03:44 PM - Anonymous

Status: Done	Estimated time: 0.00 hour
Priority: No priority	
Assignee: Peter Southwell	
Category: GUI (new)	
Target version: Master - FreeNAS Nightlies	
Severity:	Needs Merging: No
Reason for Closing:	Needs Automation: No
Reason for Blocked:	Support Suite Ticket: n/a
Needs QA: Yes	Hardware Configuration:
Needs Doc: Yes	

Description

Upgrading a pool is a non-reversible operation that could make the some features of the pool incompatible with older versions of FreeNAS, we should make the user be aware of this before they begin upgrading. Could you add a warning dialog that lets the user know and has them confirm before the upgrade operation occurs?

yap... ill resubmit done whe pr pushes agreed

#5 - 03/21/2018 08:08 PM - Peter Southwell

have full end to end working..

Here's how I got it tested..

- 1) install iso in VM for 9.3
- 2) Create a zfs_pool and dataset in the UI.
- 3) Upgrade to 11.1 stable.
- 4) From 11.1 stable (After it upgrades). THEN install the nightlies... This works!
- 5) Go to volumes.. You'll see that your volume created in 9.3 (THE ZFS_POOL) has a new menu option (Upgrade)
- 6) Push Upgrade.. Get a confirmation Box.. Are you sure.. This volume wont work with back versions if you do.. Confirm...
- 7) You'll see the Successfully Upgraded Volume Message Dialog.. Go to menu.. Upgrade Menu option is gone :)
