Severity:	Needs Automation: No
Reason for Closing:	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: Yes	ChangeLog Required: No
Needs Doc: Yes	

Description

I'm testing the new UI with a FreeNAS system updated to the latest FreeNAS-11-Nightly version.

I navigated to Plugins/Installed, used the checkboxes to select all items in the list, and clicked the now visible "Delete" button. I confirmed my choice in the popup window, but after a brief loading screen I'm returned to the list of installed plugins with all selections removed but the installed plugins still visible/installed/functional.
