Description I'm testing the new UI with a FreeNAS system updated to the latest FreeNAS-11-Nightly version. I navigated to Jails/Add, and created "test" by filling in only the Name and Release options. Clicking "Save" created the new jail. Next, I chose "Edit" for "test" and scrolled through the available options (which appears to be an exact duplicate of the Jails/Add form). Many of the fields, checkboxes, and drop-down menus have substantive selections that I didn't choose in the jail creation process. Could the Jails/Add form be updated to reflect the options that iocage configures by default?
