Description

I'm testing the new UI with a FreeNAS system updated to the latest FreeNAS-11-Nightly version.

I to "Services" and began configuring "SMB". Comparing the forms between new and old UI, I noticed the checkbox fields used for permissions are used for the "File Mask" and "Directory Mask" fields, when all that is required is a basic field that accepts integers.

Revision 6d564543 - 04/12/2018 04:00 PM - Erin Clark

Change unix permissions components for smb form to validated inputs
(I thought I could be clever with these things but turns out it don't work)

Ticket: #31923
