

FreeNAS - Bug #32382

Ensure group.query middleware call provides information about primary users belonging to a group

04/18/2018 06:27 AM - Vaibhav Chauhan

- Assignee changed from William Grzybowski to Brandon Schneider
- Target version set to 11.2-BETA1
- Severity set to Low Medium

Brandon, this seems very straightforward, can you take care of it, please?

- Needs Merging changed from *Yes* to *No*

#8 - 06/26/2018 10:44 AM - Zackary Welch

- Needs QA changed from *Yes* to *No*

Is this with regards to the group.query returning a "users" array? If so this seems to work, since I created a group with a couple of users in it and the ids from the group query match the users in the group.
