<b>Reason for Blocked:</b>	<b>Hardware Configuration:</b>
<b>Needs QA:</b> Yes	<b>ChangeLog Required:</b> No
<b>Needs Doc:</b> Yes	
<b>Description</b>	
There used to be a "Periodic Snapshot Task" dropdown menu right after the VFS Objects field in the old UI, but I don't see it in the new UI. I checked in Services --> SMB, but don't see it there either. I also checked if the field wasn't appearing because there were no Periodic Snapshot Tasks currently running on the system, but there was one running.
