Target version: 11.2-BETA1	
Seen in: 11.2-BETA1	Needs Merging: No
Severity: Med High	Needs Automation: No
Reason for Closing:	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: No	ChangeLog Required: No
Needs Doc: No	

Description

Seen in 11.2-beta1-internal7

After first creation of an interface if you try to edit it to add a second IP in my case an ipv6 address when you save it complains that your trying to add the address that was on the interface to the interface again and that it is already applied on the interface. See before and after pic. Before is as soon as I open the interface. After is after I add a second ip and hit save

#3 - 06/27/2018 07:21 AM - Vaibhav Chauhan

PR: LGTM,

I would nominate this bug for master branch as this is a major networking issue.

#4 - 06/27/2018 07:29 AM - Vaibhav Chauhan

- Assignee changed from Vaibhav Chauhan to Dru Lavigne

please let me know if we can nominate this to master branch ?

#5 - 06/27/2018 08:54 AM - Dru Lavigne

- Status changed from *In Progress* to *Ready for Testing*
- Assignee changed from *Dru Lavigne* to *Erin Clark*
- Target version changed from *11.2-RC2* to *11.2-BETA1*
- Needs Merging changed from *Yes* to *No*

#6 - 06/27/2018 08:56 AM - Dru Lavigne

- Subject changed from *Can't add ip to interface after first creation in new gui* to *Fix aliases in new UI*
- Needs Doc changed from *Yes* to *No*

#7 - 07/05/2018 05:53 AM - Timothy Moore II

- Status changed from *Ready for Testing* to *Passed Testing*
- Needs QA changed from *Yes* to *No*

Testing on a FreeNAS system with INTERNAL14 installed:

Manually configured the webui interface. Created a new interface with IPv4 address. Edited this new interface, manually added an IPv6 address, and clicked "Save". A Warning box appeared that network connectivity could be interrupted. Confirmed the action. Interface successfully added an IPv6 address. No errors about configuring multiple interfaces with the same IP address appeared.

#8 - 07/05/2018 06:35 AM - Dru Lavigne

- Status changed from *Passed Testing* to *Done*
