

FreeNAS - Feature #36113

Umbrella # 25917 (Done): Move business logic from Django to middleware and make websocket API feature complete

Feature # 35749 (Ready for Testing): Convert Storage:Volume Manager to Middleware

Enable all pool features by default

06/28/2018 06:56 AM - William Grzybowski

Status: Done	Estimated time: 0.00 hour
Priority: No priority	
Assignee: William Grzybowski	
Category: Middleware	
Target version: 11.3-ALPHA1	
Severity: Low Medium	Needs Merging: No
Reason for Closing:	Needs Automation: No
Reason for Blocked:	Support Suite Ticket: n/a
Needs QA: No	Hardware Configuration:
Needs Doc: No	

Description
Once a pool is created using py-libzfs all features are disabled by default, each feature needs to be explicitly enabled.
We need to mimic zpool create cli tool to enable all features by default.

Risk
This is a low risk task since it just changes options to create a pool

Acceptance Criteria
Creating a pool using libzfs should enable all pool features by default
