fix(alert): Allow lists as alert arguments

Ticket: #37614

History

#1 - 07/11/2018 08:22 AM - Joe Maloney

The system this was tested on was a z20 with ECStream 3U16+4R-4X6G.3 d1f8. 10.20.20.92 root abcd1234 is currently running a nightly build from 07-11-18 TrueNAS-11.2-MASTER-201807110800. This likely means we will see the same failures with FreeNAS 11.2-BETA1.

If I understand it right, it is a middleware issue.
