

FreeNAS - Bug #38155

Add default gateway interface to vnet jail bridge

07/14/2018 02:01 PM - Sherman Uitzetter

Status: Done	
Priority: No priority	
Assignee: William Grzybowski	
Category: Middleware	
Target version: 11.2-BETA2	
Seen in: 11.2-BETA1	Needs Merging: No
Severity: Medium	Needs Automation: No
Reason for Closing: Duplicate Issue	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: No	ChangeLog Required: No
Needs Doc: No	
Description My FreeNAS network interface is a link aggregation (lagg0). When I create an iocage jail with the VNET option, the resulting bridge interface (bridge0) only gets the iocage jail's interface (vnet0) added. My lagg0 interface isn't a member of the bridge. The result of this is that the jail has no network connectivity. I can manually add lagg0 to the bridge with "ifconfig bridge0 addm lagg0" and then the jail has network.
