<b>Description</b>	
<p>Seems like mdns is spamming /var/log/middlewared.log to the point a python traceback is occurring. This pollutes the middlewared.log file.</p> <p>Below is the verbiage of the message:</p> <pre>[2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=x20qa2._sftp._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=freejohn._sftp._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=x20qa1._sftp._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=fncertified._sftp._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=tn02-b._sftp._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=warp-b._sftp._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=mp18._middleware._tcp.local. flags=0x00000000 error=0 [2018/01/31 19:05:19] (DEBUG) middlewared.debug():161 - ResolveThread: name=truenas-b._middleware._tcp.local. flags=0x00000000 error=0 Exception in thread Thread-93: Traceback (most recent call last): File "/usr/local/lib/python3.6/threading.py", line 916, in _bootstrap_inner self.run() File "/usr/local/lib/python3.6/site-packages/middlewared/plugins/mdns.py", line 288, in run pybonjour.DNSServiceProcessResult(ref) File "/usr/local/lib/python3.6/site-packages/pybonjour.py", line 895, in DNSServiceProcessResult _DNSServiceProcessResult(sdRef) File "/usr/local/lib/python3.6/site-packages/pybonjour.py", line 286, in _errcheck raise cls(result) pybonjour.BonjourError: (-65541, 'bad reference')</pre>
