- Status changed from *Ready for Testing* to *Passed Testing*

- Needs QA changed from *Yes* to *No*

Testing with a FreeNAS system updated to FreeNAS-11.2-MASTER-201808270839:

Create and start a plugin jail and a regular jail.

Go to Shell and enter

```
freenas-debug -J
```

, then

```
cat /var/tmp/fndebug/Jails_NG/host
```

. Run cat on each file in Jails_NG to verify debug files were generated properly for each jail.
