Description

The image of Beastie in a shark costume needs some rework in the 11.2-STABLE train.

#1) The image overlaps the text. Note that in 11.1, the popup (Settings>About) is landscape and the image does not overlap, however, in 11.2 it is portrait, so the window is much narrower.

#2) Beastie's eyes and shoes are "transparent" and get all washed out when picking a dark theme. Consider to just coloring them white.
