Revision 672d69a7 - 10/17/2018 06:13 PM - Brandon Schneider

feat(jail/upgrade): Upgrade progress and plugin upgrades

These two tickets dovetail together, so they're combined into a single PR to reduce unnecessary diffs.

Relies on the iocage PR: <https://github.com/freenas/iocage/pull/60>

- Add a new dict for options
- RELEASE is now optional, only if the jail is a Plugin
- Add upgrade progress, this changes depending on the type of jail.
- Use iocage's lib for this to reduce amount of stale code
