

FreeNAS - Bug #5753

Can not edit or add (GUI)

08/11/2014 07:28 AM - Rafa Corrales

Status:	Resolved	
Priority:	Nice to have	
Assignee:	John Hixson	
Category:	GUI (new)	
Target version:	Master - FreeNAS Nightlies	
Seen in:	9.2.1.6-RELEASE	Needs Merging: Yes
Severity:	New	Needs Automation: No
Reason for Closing:		Support Suite Ticket: n/a
Reason for Blocked:		Hardware Configuration:
Needs QA:	Yes	ChangeLog Required: No
Needs Doc:	Yes	
Description		
If I try to edit or add rsync tasks or edit permissions of a dataset I get his error message:		
Exception Value: 'NoneType' object has no attribute 'encode'		
Exception Location: /usr/local/www/freenasUI/./freenasUI/common/freenasldap.py in get_netbios_name, line 1031		
I have upgraded to 9.2.1.7 and the same error happens.

- Assignee set to John Hixson

Does that make any sense to you, John?

#2 - 08/12/2014 11:18 AM - John Hixson

- Status changed from Unscreened to Screened

#3 - 09/09/2014 01:40 PM - John Hixson

- Status changed from Screened to Resolved

Fixed in [2c878300d7c1c9ac2ba4085f034b271e50707ea8](#). Please open your AD configuration and save it again (when you update to 9.2.18.. when it comes out, or if you apply this manually).

#4 - 10/01/2014 11:58 AM - Rafa Corrales

When I try to save AD configuration after updating to 9.2.18 I get the same error so I can't save my configuration and solve the problem :-)

```

Any idea?

#5 - 10/02/2014 12:18 AM - Rafa Corrales

Just one note:

It's mandatory to disable Directory Services before saving AD configuration, then it works!!

#6 - 10/02/2014 12:54 AM - Rafa Corrales

It's curious, If I turn on Directory Services the bug appears with its evil :-)

So I have to stop directory services if I want to edit anything where the server NETBIOS name is involved, this is annoying in a production server. I am going to install FREENAS in a test server just to check this issue and getting more information for you.

Thanks for your effort.
