

FreeNAS - Bug #62262

Update plex plugins to 1.14.x

12/06/2018 07:17 AM - Magnus Magnusman

| | |
|---|----------------------------------|
| Status: Done | |
| Priority: No priority | |
| Assignee: Martin Wilke | |
| Category: OS | |
| Target version: Master - FreeNAS Nightlies | |
| Seen in: 11.2-RELEASE | Needs Merging: No |
| Severity: New | Needs Automation: No |
| Reason for Closing: | Support Suite Ticket: n/a |
| Reason for Blocked: | Hardware Configuration: |
| Needs QA: No | ChangeLog Required: No |
| Needs Doc: No | |
| Description | |
| Plex server was updated to 1.13.8.5395 Plex pass to 1.13.9.5439 Both are actually around 1.14.0.5470 It looks on updating new versions weren't checked for which is a innocent mistake given all the work that needed doing for the release. | |

History

#1 - 12/09/2018 12:09 PM - Dru Lavigne

- Subject changed from Plex plugin was mistakenly updated to a out of date verion to Update plex plugins to 1.14.x
- Category changed from Middleware to OS
- Assignee changed from Release Council to Martin Wilke
- Target version changed from Backlog to 11.2-U2

#2 - 12/11/2018 10:26 AM - Magnus Magnusman

Ok i do understand that things get busy but this can't keep happening.

11.2 is a release version yet the plex plugin is months out of date which is something that repeatedly happens in freenas now.

The clients don't stop getting updates which ends up causing compatibly and feature problems with the outdated servers.

The response is lets push it back another month and a half.

This rather defeats the purpose of having these types of plugins in freenas in the first place if there going to be in a constant state of outdated software.

If this is going to remain the state of things then what is the point in having plugins in the first place when they are going to remain constantly out of date.

- *Status changed from Unscreened to Done*
- *Target version changed from 11.2-U2 to Master - FreeNAS Nightlies*
- *Needs QA changed from Yes to No*
- *Needs Doc changed from Yes to No*
- *Needs Merging changed from Yes to No*

Magnus: these plugins have been updated today to:

PlexMediaServer updated from 1.13.8.5395 to 1.14.0.5470 as a bugfix release.

PlexMediaServer (PlexPass) updated from 1.13.9.5439 to 1.14.1.5487 which fixes some bugs, including a FreeBSD-specific bug.
