

FreeNAS - Bug #62748

Update Jenkins to 2.161 and Jenkins LTS to 2.150.2

12/07/2018 11:01 PM - Rick Pea

Status: Done	
Priority: No priority	
Assignee: Martin Wilke	
Category: Plugins	
Target version: Master - FreeNAS Nightlies	
Seen in: 11.2-RELEASE	Needs Merging: Yes
Severity: New	Needs Automation: No
Reason for Closing:	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: Yes	ChangeLog Required: No
Needs Doc: Yes	
Description	
Like some other plugins, the versions can be lagging, but it should be a priority for someone to upgrade the application packed in the plugin when an official upgrade for a security issue is made available..	
I manually updated in-place, by downloaded the new jenkins.war, stopping the plugin, backed up the contents of directory "/usr/local/jenkins/war" in the jail, deleted it's contents, unzipping the jenkins.war into the same directory, then restarting the plugin; Jenkins worked and showed v2.154 in the "About Jenkins" page.	

History

- Subject changed from *Provided Jenkins v2.49 plugin was warned as have security issues inside Jenkins web interface, so had to manually upgrade to v2.154* to *Provided Jenkins v2.149 plugin was warned as have security issues inside Jenkins web interface, so had to manually upgrade to v2.154*

#2 - 12/08/2018 02:11 AM - Rick Pea

In the shell, pkg info listed a Jenkins package, and pkg search didn't see a newer Jenkins than 2.149, so maybe this is a lagging repository issue, however as I described it can be patched up-to-date.

#3 - 12/08/2018 02:16 PM - Dru Lavigne

- Assignee changed from *Release Council* to *Martin Wilke*
- Target version changed from *Backlog* to *11.2-U2*

#4 - 12/19/2018 07:02 AM - Dru Lavigne

- Category changed from *Services* to *Plugins*

#5 - 01/23/2019 03:28 PM - Martin Wilke

- Status changed from *Unscreened* to *Ready for Testing*

#7 - 01/24/2019 09:16 AM - Dru Lavigne
