Description

45   3   *   *   *   root   /usr/local/sbin/scrub -t 30 freenas-boot00   00   *   *   *   root
PATH="/bin:/sbin:/usr/bin:/usr/sbin:/usr/local/bin:/usr/local/sbin:/root/bin" /usr/local/sbin/scrub -t 7 Storage

That looks like the storage scrub got added without a newline. Not sure how that happened?

That's FreeNAS-9.3-M4-ed2a77c-x64 aka FreeNAS-1415145790

I presume this goes to William.

Note that I haven't tried a later update yet.
