

FreeNAS - Bug #69310

Freenas 11.2-U1 - Plugin upgrade does nothing

01/10/2019 02:05 PM - Kent Siggers

Status: Closed	
Priority: No priority	
Assignee: Release Council	
Category: Plugins	
Target version: N/A	
Seen in: 11.2-RELEASE-U1	Needs Merging: Yes
Severity: New	Needs Automation: No
Reason for Closing: Duplicate Issue	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: Yes	ChangeLog Required: No
Needs Doc: Yes	
Description	
Hitting the Update-Button for the plex-pluginjail instantly results in a "Jail updated successfully" – message without doing anything. Trying to update via jail-shell with "iocage update" gives me a "command not found".	
After upgrading from Freenas 11.1 to 11.2 I've installed the Plex-Plugin from scratch from the new UI. May I've missed something?

- Reason for Closing set to Duplicate Issue

Kent: the fix for this issue will occur on the related ticket. Note that you can't view that ticket yet as the dev is still diagnosing the issue and hasn't removed the user's debug yet.
