Donot display status for exported pools

This commit makes sure that we don't display status for exported pools because in that case handle is not set resulting in segmentation fault.  
Ticket: #76161

#### History

##### #1 - 02/20/2019 10:34 AM - Brandon Schneider

- Subject changed from `libzfs is not happy with zfs_get_status` to `libzfs is not happy with zpool_get_status`

##### #2 - 02/21/2019 03:09 AM - Waqar Ahmed

- Status changed from `Unscreened` to `In Progress`

PR - <https://github.com/freenas/py-libzfs/pull/41>  
and <https://github.com/freenas/ports/pull/244>

##### #3 - 02/21/2019 03:10 AM - Waqar Ahmed

- Status changed from `In Progress` to `Ready for Testing`

#### Acceptance Criteria

It should be ensured we have two pools. With two pools, any one of them can be exported. After one of them has been exported, `midclt call zfs.pool.find_import`` should be run and ensured that it doesn't fail.

**#4 - 02/21/2019 08:51 AM - Dru Lavigne**

- Subject changed from *libzfs is not happy with zpool\_get\_status* to *Do not display status for exported pools*
- Needs Doc changed from Yes to No
- Needs Merging changed from Yes to No

**#6 - 02/27/2019 08:04 AM - William Grzybowski**

- Status changed from *Ready for Testing* to *Passed Testing*
- Needs QA changed from Yes to No

Tested in FreeNAS-11.3-MASTER-201902220754

**#7 - 02/27/2019 08:58 AM - Dru Lavigne**

- Status changed from *Passed Testing* to *Done*

**#8 - 04/02/2019 08:23 AM - Dru Lavigne**

- Target version changed from *11.3-BETA1* to *11.3-ALPHA1*
