

FreeNAS - Bug #76576

Disable autocap, autocomplete, and autocorrect on login page of new UI

02/22/2019 05:54 AM - Colm Connolly

Status:	Ready for Testing	
Priority:	No priority	
Assignee:	Dennis Mullen	
Category:	GUI (new)	
Target version:	11.2-U4	
Seen in:	11.2-U2	Needs Merging: No
Severity:	New	Needs Automation: No
Reason for Closing:		Support Suite Ticket: n/a
Reason for Blocked:		Hardware Configuration:
Needs QA:	Yes	ChangeLog Required: No
Needs Doc:	Yes	

Description

ACCEPTANCE CRITERIA:

User name and pw fields on the sign in page should not turn on auto capitalization. This is a common irritant seen on mobile devices. This fix also turns off auto complete and autocorrect. If the user has the browser or another service auto filling credentials, this shouldn't interfere with that.

ORIGINAL DESCRIPTION

I tried to login to freenas this morning on my iPad (iOS 12.1.4) using safari but try as I might I couldn't get the username field on the sign in page to NOT autocapitalize. Could you add the autocapitalize="none" to this field to (possibly) prevent this issue? I searched through <https://github.com/freenas/webui/> but could find no instances of autocapitalize.

I know I could turn off capitalize globally but that is a suboptimal solution given how broad its effects would be.

Maybe autocorrect should also be turned off as well?
