

FreeNAS - Bug #83908

Run ZFS operations in a process pool

03/28/2019 04:38 PM - Bug Clerk

Status: Done	
Priority: No priority	
Assignee: William Grzybowski	
Category: Middleware	
Target version: 11.2-U4	
Seen in: 11.2-U2	Needs Merging: No
Severity: Medium	Needs Automation: No
Reason for Closing:	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: No	ChangeLog Required: Yes
Needs Doc: No	
Description Tried to create a periodic snapshot task, and could no create it. After clicking save, the WebGUI rejects the dataset chosen saying "Select a valid choice. tank/Backups/Dropbox is not one of the available choices." This is a bit whimsical since it is a dropdown. I can reproduce this trivially. If a dev would like to see and debug this on my personal FreeNAS, have them contact me via Ryver.
