<b>Needs Doc:</b>	Yes		

#### Description

Received this email yesterday and today and the changelog states None so I think something is wrong here (running FreeNAS-9.3-STABLE-201502271818).

A new update is available for the FreeNAS-9.3-STABLE train.

Changelog:

None

The actual changelog according to the freenas download section is:

```
#6994 Bug Normal Make poolnames using reserved words work
#7718 Feature Normal Add custom "home name" for netatalk
#7848 Bug Low error, when I try to add hast extent for iscsi target
#7871 Feature Normal Add warning to FreeNAS 9.3 wizard to prevent data loss
#8026 Bug Normal Shadow copies & recursive snapshots Redux again
#8034 Bug Normal Bug in sync_disks(notifier.py) causes problems with disk serial # and SM
ART tests
#8088 Bug Normal Restore FreeNAS System State to vanilla non-pool config when deleting th
e last or one and only pool on the system
#8089 Bug Normal API bug of Services/cifs

#8239 Bug Normal New Support Tab Missing from Tree
#8253 Feature Normal Add auxiliary parameters section for Kerberos
#8286 Bug Normal Upgrade failure
#8295 Bug Normal Add User exception: Could not retrieve usernext
#8303 Bug Low Console error message after upgrade/reboot: "No configured interfaces were
found. Try to do it manually." Freenas works fine: I can access from PC
#8308 Feature Low API missing function to clone a snapshot
#8322 Bug Normal Updater can get into an infinite loop with packages that use features I
actually expected to work
#8333 Bug Normal File bug not working
#8357 Bug Normal zpool_version broken returns a single char but no real issues in consume
r code
#8360 Bug Normal NetBIOS name doesn't accept underscore
#8361 Feature Normal Update SSSD to 1.11.7
#8363 Bug Normal Log license key (if any) when accessing the update server
```

#8368	Bug	Normal	Give support-proxy a boolean that tells it whether or not the user sent debug info
#8401	Bug	Normal	GUI support login
#8420	Feature	Normal	Boot Pool Size Monitoring
#8424	Bug	Low	"Performance Test" crashes when encrypted pool is not mounted
#8447	Bug	Urgent	CIFS sharing not working after update to FreeNAS-9.3-STABLE-201503070129
#8089	Bug	Normal	API bug of Services/cifs

## History

---

### #1 - 03/08/2015 11:20 AM - Jordan Hubbard

- Status changed from *Unscreened* to *Resolved*

We fixed this yesterday. The link to the ChangeLog in the Update UI (and the ChangeLog in <http://download.freenas.org/9.3/STABLE/&lt;date>> ) is still accurate, so it's not hard to find the changes in the last 2 SUs, they just got left out of the package files.

### #2 - 11/22/2017 11:37 AM - Dru Lavigne

- Category set to *1*

- Assignee set to *Vaibhav Chauhan*

- Target version set to *N/A*

- Seen in changed from *to Unspecified*
