

FreeNAS - Bug #9351

Additional drives affected by: "MX-ES USB Drives does not work with FreeNAS 9.3"

04/21/2015 01:17 PM - Harald Linden

Status: Resolved	
Priority: Important	
Assignee: Xin Li	
Category: OS	
Target version: N/A	
Seen in: 9.3-RELEASE	Needs Merging: Yes
Severity: New	Needs Automation: No
Reason for Closing:	Support Suite Ticket: n/a
Reason for Blocked:	Hardware Configuration:
Needs QA: Yes	ChangeLog Required: No
Needs Doc: Yes	
Description	
I am referencing this bug: https://bugs.freenas.org/issues/8853	
Since the bug was already closed when I added the list and since there has been no reaction, I'm opening this ticket.	
These are the sticks that we have in production that are also affected:	
MXUB3MES-8GB MXUB3MES-16GB MXUB3MES-16GB MXUB3MLX-32GB MXUB3MESU-32GB	
This has already been fixed upstream, but I don't know whether the additional change to the original fix has already made it into FreeNAS.
